CITS5206 UniCoders (Group 5206_3)

Minutes of Meeting 4 held on August 10, 2020 (Week 3a)

Present: Sumayyah Ahmad, Manpreet Kaur, Zhuojun Yang,
Hao Li, (Han) Yit Tsin Chooi , Kang Liu
Apologies:
Absent:
Meeting Started: 4:30pm

ACTION

1.1 Share Project Understanding

- Set up of Virtual Environment required before running Client's code

- Everyone faced difficulties in setting up Virtual Environment

Everyone will pick an alternative tools to set things up:
- Anaconda + Jupyter Notebook   Hao
- Visual Studio Code   Kang
- Anaconda Powershell Prompt   Manpreet
- Visual Studio Code   George
- Anaconda + Jupyter Notebook   Han

Project is split into two teams:

- Generation of Deformed Image Samples   Han & Hao

- Measurement of 3D Deformation via DIC   Remaining
                                                                            Members

- Once Environment is set, test run and study the codes   Everyone

1.2 Planning for Sprint 1

- Github will be set for everyone to collaborate   Kang
- Will be planned by 15th August   Han

1.3 Allocation of Responsibilities

- Will be set by 17th August   Everyone

1.4 Dates of Meetings with Auditors in the future

- 31st of August, 21st of September & 12th October

1.5 Date of Next Meeting (with Mentor)

- TBC   Han

Meeting Closed: 5:35pm
